New Ways to Support Your Health & Wellness

This year, we are introducing two new healthcare plans to offer you more meaningful choices for meeting the changing needs of you and your loved ones.

NEW FOR 2026

- We have two new Aetna medical plan options: **Core PPO** (lowest premium, highest deductible) and **Premium PPO** (highest premium, lowest deductible). We're also continuing to offer a high deductible health plan (HDHP) that you can pair with a Health Savings Account (HSA) called the **HDHP Plus**.
- Choose the Comprehensive dental plan to get up to \$2,000 per person in orthodontia coverage.
Note: The Schedule (Basic) plan no longer covers orthodontic services.
- We are increasing the Cox employer contribution from \$825 to \$850 to the HSA for employees enrolled in the Employee + Spouse/Domestic Partner or Employee + Child(ren) tiers of the HDHP Plus medical plan. The 2026 annual contribution limits have been raised for the HSA, as well as Flexible Spending Accounts (FSAs), and commuter accounts. See page 8 for the new contribution limits.
- Remember, **Teladoc** and **Oshi Health** are now available at no cost for all Aetna medical plan members. Teladoc provides access to phone or video visits with a board-certified doctor 24/7 for non-emergency conditions (such as sinus infections, pink eye or flu) as well as dermatology and mental health visits. Oshi Health is a virtual medical clinic focused on digestive healthcare for Aetna medical plan members, providing on-demand care from gastroenterologists, dietitians and behavioral health specialists.

Don't Miss Out: Re-Enroll in Your Pretax Accounts

Your FSAs, HSA and commuter account pretax elections don't roll over automatically from year to year. You must make your 2026 elections during Open Enrollment, even if you're choosing the same amount as 2025.

Medical Plans

This year, we have two new plan options: Core PPO (lowest premium, highest deductible) and Premium PPO (highest premium, lowest deductible). We're also continuing to offer a high deductible health plan, HDHP Plus, that you can pair with an HSA. Our medical plans offer you meaningful choices to manage the total cost of your care.

Learn more about these plans at CoxEnterprises.com/Benefits. No login required.

	OUT-OF-POCKET MAXIMUM⁷	\$3,250	\$6,500	\$6,500	\$9,750	\$9,750

¹ Coverage for domestic partners is offered post-tax. Cox's contribution is also considered taxable earnings by the IRS.

² This plan has an individual deductible. You only need to meet your individual \$6,000 deductible before the plan pays based on your coinsurance (even if your family maximum hasn't been met). For your family, you pay the individual deductible for each family member (up to a maximum of \$12,000).

³ This plan has an individual out-of-pocket maximum. You only need to meet your individual \$7,900 out-of-pocket maximum before the plan pays your covered network expenses at 100% (even if your family maximum hasn't been met). You pay a total family maximum of \$15,800.

⁴ Keep in mind that the HDHP Plus has true family deductibles, meaning that you must meet the deductible listed for your level of coverage before the plan pays network coinsurance for anyone in your family. For example, if you cover both you and your spouse, you must meet the \$3,400 deductible before the plan starts paying coinsurance for either you or your spouse.

⁵ You'll want to note that the HDHP Plus has true family out-of-pocket maximums. You must meet the maximum costs listed for your level of coverage before the plan pays 100% of covered network services for anyone in your family. For example, if you cover both you and your spouse, you must meet the \$6,800 maximum before the plan pays 100% of covered network services for either you or your spouse.

⁶ This plan has an individual deductible. You only need to meet your individual \$800 deductible before the plan pays based on your coinsurance (even if your family maximum hasn't been met). For your family, you pay the individual deductible for each family member (up to a maximum of \$2,400).

⁷ This plan has an individual out-of-pocket maximum. You only need to meet your individual \$3,250 out-of-pocket maximum before the plan pays your covered network expenses at 100% (even if your family maximum hasn't been met). You pay a total family maximum of \$9,750.

⁸ Per IRS guidelines, HSA funds cannot be used for domestic partner expenses.

HDHP Plus (high-deductible health plan plus HSA with Cox contributions)

Emerging Professional

Health Needs Minimal, mostly preventive care

Why Plus? Can save money in HSA for future needs; lower premiums and tax advantages for longer term financial planning

Premium PPO (highest premium PPO, lowest deductible, copays for doctor visits and Rx)

Dental Plans & Premiums

To help keep your pearly whites healthy, Cox offers two Aetna PPO/PDN dental network options. Visit CoxEnterprises.com/Benefits for more information on your dental benefits. No login required.

The Schedule (Basic) plan pays the cost of eligible expenses based on the set fee schedule found in the Healthcare Summary Plan Description. If your dentist charges more than the fee schedule allows, you pay the difference. **Note:** This plan is designed to cover your basic dental needs and does not cover orthodontia.

The Comprehensive plan pays a percentage of most recognized charges after you meet your deductible — and up to \$2,000 per person for orthodontia.

PLAN FEATURE	SCHEDULE (BASIC)	COMPREHENSIVE
Annual deductible (same for both plans)	\$50 per person \$150 per family	\$50 per person \$150 per family

Please note: In most cases, oral surgery (e.g., removal of impacted wisdom teeth) is considered a form of medical surgery and is covered under the Cox Medical Plan, not the dental plan.

¹ Based on R&C (Reasonable & Customary) charges. R&C charges are prevailing rates that similar providers in the area charge for that service.

² Coverage for domestic partners is offered post-tax.

Pretax Accounts

Pretax accounts help you save money on taxes and pay for qualifying health, dependent day care and commuting expenses. See which option is right for you; visit CoxEnterprises.com/Benefits to learn more.

HEALTHCARE FLEXIBLE SPENDING ACCOUNT (FSA)

Contribute up to \$3,300 annually to pay for eligible healthcare expenses, like office visit copays. Up to \$660 of your unused funds will automatically roll over from 2025 to 2026, and from 2026 to 2027. You don't have to be enrolled in the Cox Medical Plan to participate. However, you can't enroll in a Healthcare FSA if you enroll in the HDHP Plus plan. You would instead use an HSA.

DEPENDENT CARE FSA

Contribute up to \$7,500* annually to pay for eligible child day care expenses or adult day care for an elderly parent. Please note that if you do not use all the funds by the end of the year, or if you leave the company, these funds will be forfeited.

COMMUTER ACCOUNTS

Cox employees may contribute up to \$3,900 pretax annually into parking and/or transit accounts to pay expenses incurred while traveling to work.

Eligible expenses include buses, trains, subways, ferries and vanpools, as well as parking at your place of employment or a location from which you commute to work.

*The IRS requires Cox to tax Dependent Care FSA contributions above a certain amount for highly compensated employees. In 2025, a highly compensated employee is defined as anyone earning more than \$160,000 annually. The taxable amount varies each year (in 2025, the threshold for highly compensated employees was \$2,069.14 in contributions) and was set by the IRS based on an analysis of our employee population and account contributions. You will be notified in 2026 if you are impacted.

Remember

Your pretax account elections don't continue automatically from year to year. You must make your elections **Nov. 3-14**.

HDHP Plus Plan? Don't Forget Your Tax-Saving Companion, the Health Savings Account.

If you plan to enroll in the HDHP Plus medical plan, don't forget to select the HSA. An HSA lets you put aside pretax dollars to pay for qualifying medical expenses. Cox will contribute up to \$1,000¹ annually into your account.

If you're 55 years or older, you can contribute an additional \$1,000. The balance automatically rolls over each year. Remember, you must enroll in the HSA each year to get the Cox employer contribution. Your funds can be invested or saved for retirement. Learn more at My.Optum.com/Cox.

	IRS MAXIMUM ALLOWED CONTRIBUTION	LESS COX ANNUAL CONTRIBUTION ¹	YOUR MAXIMUM CONTRIBUTION
